

Mathematics Workshop

Tareen Education Foundation (TEF) has been proactive in organizing professional development trainings for teachers of government high schools in district Lodhran.

TEF organized Mathematics Workshop on 5th, 6th, & 7th August 2019 at Government Boys High School Gagan Hatta for Elementary School Teachers (EST) of 59 Government Schools in Lodhran and 4 TEF Core Schools teaching mathematics.

The workshop was twofold as it aimed for teachers training and capacity building. Mrs. Munazza Imran – a master trainer from Development in Literacy (DIL) – conducted the workshop. The turning effects of ‘student-centric’ approach during lectures were debated. Along with this approach, the workshop focused on the activity and model based teaching, use of manipulatives, and self-designed models to ensure effective teaching.

It was a rare high-quality professional development opportunity for teachers as stated by trainees in their reviews after training was concluded.

Inauguration of Computer Laboratory

Tareen Education Foundation (TEF) has been working to improve quality of education in Paki-stan with prime focus on Information Technology.

Mr. Jahangir Khan Tareen accompanied by Deputy Commissioner (DC) Lodhran Rao Imtiaz Ahmed on August 23, 2019 inaugurated the Upgraded Computer Laboratory of Government Girls High School, Lodhran.

The laboratory – which is first of its kind in the city – was provided 41 CPUs, 41 LCDs, 2 ACs, Multimedia Projector, and Backup power System. It also includes the carrying out of civil work and provision of furniture to lab. Many more labs are to be upgraded in coming months.

Lodhran Public School - Opening Ceremony

Tareen Education Foundation (TEF) on Aug 23, 2019 organized the opening ceremony of Lodhran Public School (LPS). TEF carried out the restoration of the primary wing of the institution in Phase-1 of the restoration. In the official ceremony, Mr. Jahangir Khan Tareen inaugurated the primary wing of Lodhran Public School (Phase-1).

Mr. Tareen had allocated Rs. 10 million for restoration of the facilities of the institution. The upgradation of facilities in Phase-1 includes the upgrading of computer laboratory, library, art room, digital classroom, and staff room. The work also includes carrying out civil work, furniture, equipment and backup power system.

In Phase-2 (Secondary Wing), TEF has started to revamp the entire building of the institution. It includes classrooms, science laboratory, administration department etc.

TEF aims to convert LPS into a prestigious institution for the city.

Certificates Distribution Ceremony

Tareen Education Foundation in this summer provided students from Lodhran to enroll themselves in free-of-cost Computer Short Course (CSC). The duration was 8 weeks and our teachers introduced students to latest practices in the field of information technology.

On August 23, 2019 TEF organized the Certificates Distribution Ceremony at Lodhran Public School. On the occasion, 161 students were awarded the Certificate of Completion. One of the students was awarded cash prize of Rs 1,000 while the other 6 students received gift hampers along with certificates due to their extraordinary performance.

TEF ensured this professional training to enable students to take an advance step in the field of Information Technology.

Plant for Pakistan - Plantation Drive

Prime Minister Imran Khan has launched a national initiative Plant for Pakistan for a green Pakistan to combat climate change.

TEF participated in the plantation drive at Miranpur Forest Lodhran on August 24, 2019. TEF successfully gathered 1200 students from 7 schools on the day to be a part of this national campaign of planting as much trees as possible.

Mr. Jahangir Khan Tareen planted the first sapling which was followed by plantation of 15,000 sapling under a minute. According to Forest Department, it is a record number of trees planted in 1 minutes, and it was all possible because of students.

On the occasion, Mr. Tareen announced cash prizes for students and staff for making this event a profound success.

Inauguration of Science Laboratory and Library

Tareen Education Foundation refurbished science laboratory and library of Government Girls High School Lodhran. President of TEF Ali Khan Tareen inaugurated the science lab of GGHS Lodhran on August 24, 2019. He appreciated the efforts of TEF in promoting applied sciences in Lodhran.

On the same day, Prof. Salima Hashmi – Former principal of National College of Arts (NCA) and daughter of renowned poet Faiz Ahmed Faiz – inaugurated the library of GGHS Lodhran established by TEF. Mrs. Iram Qazi – Principal of Lahore School of Learning – and Mrs. Afroza Sarmad Khan – Principal of Naqsh School of Art - were also present on the occasion.
