

International Kangaroo Mathematics Contest (IKMC) 2019

Tareen Education Foundation (TEF) organized the International Kangaroo Mathematics Contest (IKMC) 2019 for the second time in the remote district of Lodhran, located in the South Punjab.

This is the second time when 355 students from the 28 schools got a chance to participate in the IKMC, held in Amina Girls Higher Secondary School, 21 MPR Lodhran. This event was organized for the first time in 2018 when the 188 students from 19 schools participated in IKMC, performed extraordinarily.

In 2018, 188 students from the 19 schools participated in this event. The results were outstanding when 3 students were awarded with medals – 1 silver medal, and 2 bronze medals. Also, 8 Students earned 2** BADGES, and 59 students earned 1* BADGES.

TEF is hopeful that students would bring much success from this participation, which would be the zenith of this hard work. In any case, this struggle would be enhanced to ensure that more students are being given a chance to be part of this in coming years.

Computer Labs Upgradation

Tareen Education Foundation (TEF) has been proactively working to change the existing dynamics in the education sector, and to ensure the learning curve gets a raise. It started when TEF refurbished the Science Labs and established the school libraries in the Government High Schools. This phase marks the dawn of new era of promoting the use of technology in education in the Government High Schools with the upgradation of Computer Labs. It provided Government Boys High School Gilaywala with 15 CPUs, 15 LCDs, furniture, and the solar energy solution.

Distribution of Dawn Newspaper, and Creative Writing Programme.

TEF has successfully pioneered much needed initiatives in the far flung area like Lodhran. This time the stone mile of making access to a prestigious newspaper, DAWN, has been achieved.

This is distributed in the 6 schools, and students from any grade can have access to it. Similarly, Creative Writing programme is run in 27 school, with focused on grade 7, and 1100 students are benefited from this initiative.

33rd International Book Fair, Lahore facilitated by TEF.

On Feb 3rd 2019, team of 7 members led by Library Coordinator Shafeeq Sukhera travelled to Lahore from Lodhran to attend 33rd International Book Fair in EXPO center, Lahore. The team got a chance to meet various people who had come all the way to attend this fair. It also visited different books stalls, and engaged itself in a healthy discussions about the impacts books have on the mind. The collection was ample covering aspects of Literature, History, Sciences, and Islamic Studies to name a few.

The next round covered the school visits to get the knowledge and creative ideas about the management and designing of library. The first visit was of the library of LAHORE GRAMMER SCHOOL. The use of multimedia in the library seemed an attractive idea to involve the students should the need arises. The next visit was of the Beacon House Bahria Town Campus where the team learned many new thing that would be very beneficial for libraries back at home.

It must be said that it was a healthy and informative visit.
