

6th Lodhran Science Fair 2019

Tareen Education Foundation (TEF) organized 6th Annual Lodhran Science Fair on Nov 27th & 28th 2019 at Lodhran Public School. It was attended by 800 students from 64 schools who displayed their projects and models demonstrating numerous science concepts.

Deputy Commissioner Lodhran, Chief Executive Officer (District Education Authority, Lodhran) and other senior officials were among the distinguished guests. A large number of local residence, government officials and members of press and electronic media were also present at the event. Along with these guests, some of the renowned organizations, namely Lincoln's Corner, Ilm-o-Neroon, Cosmic Perspective and Ilm-e-Rohi, participated in the 6th Lodhran Science Fair 2019. These organizations conduct demonstrations of various science experiments; hosted stargazing sessions in a certain environment and helped students broaden the horizon of the audience about applications of science.

CEO TEF Akbar Khan, CEO Education Mian Abdul Razak were among the notables who awarded certificates of distribution, shields and special cash prizes to participants and winners.

Following contests were organized at the event.

1. Model Competition

In the category of Model Competition, 224 students from 56 high and higher secondary schools participated. The 1st, 2nd and 3rd positions were secured by A, B, and C respectively who were awarded shields, gift hampers, and cash prizes.

2. Practical Competition

In the category of Practical Competition, 330 students from 55 high and higher secondary schools participated. The 1st, 2nd and 3rd positions were secured by A, B, and C respectively who were awarded shields, gift hampers, and cash prizes.

3. Model Competition for Elementary Schools

In the category of Model Competition for elementary schools, 28 students from 7 elementary schools participated. The 1st, 2nd and 3rd positions were secured by A, B, and C respectively who were awarded shields, gift hampers, and cash prizes.

4. Robotics Competition

In the category of Robotics Competition, 24 students from 4TEF Core Schools participated. The 1st, 2nd and 3rd positions were secured by A, B, and C respectively who were awarded shields, gift hampers, and cash prizes.

5. MakerSpace Competition

In the category of MakerSpace Competition, 20 students from 10 schools participated. The 1st, 2nd and 3rd positions were secured by A, B, and C respectively who were awarded shields, gift hampers, and cash prizes.

6. Typing Competition

In the category of Typing Speed Competition, 40 students from 8 schools participated. The 1st, 2nd and 3rd positions were secured by A, B, and C respectively who were awarded shields, gift hampers, and cash prizes.

7. Mathematics Corner

Mathematics corner was also set up to create awareness about the application of mathematics in our daily lives. The corner captured the attention of audience as it disseminated knowledge of applied mathematics through models

8. Mobile Science Centre (MSC) Corner

In MSC Corner, TEF Core schools exhibited their science projects. The corner was set up to provide the participants to have some exciting ideas about relatively unknown ways in which science works.

Closing ceremony

This exhibition provided much needed opportunity to students to get inspiration in the field of Science, Technology, Engineering and Mathematics (STEM). The exhibition was much appreciated by parents, teachers, students and guests.
