

Inauguration of Computer Laboratories

Tareen Education Foundation (TEF) is striving to ensure that students of Lodhran have an access to quality Information Technology education and upgradation of computer laboratories is a step in a right direction.

Mr. Nazeer Ahmad Khan, Member of Provincial Assembly (PP-228) on September 07, 2019 inaugurated the computer laboratory of Government Girls High School, Chak Himta upgraded by TEF.

Mr. Zawar Hussain Warraich, Provincial Minister of Punjab for Prisons, on September 21, 2019 inaugurated the computer laboratory of Government Boys High School, Gagan Hatta upgraded by TEF.

The laboratories of GGHS Chak Himta and GBHS Gagan Hatta have been provided with 15 modern computers, furniture, and backup power system each. Laboratories were revamped by civil work department of TEF to ensure that students have best learning environment at their disposal. Many more labs are to be upgraded in coming months.

English Language Programme Training

Tareen Education Foundation recently departed a team of 5 teachers and 2 research associates to the Lahore School of Learning (LSL) for English Language training.

It was 12 hours activity-based training held on 13th and 14th September, 2019 conducted under the supervision of Mrs Iram Qazi – Principal of LSL – and others perspicacious trainers included Mrs Ghazala Asif, Mrs Farah Nasir, Mrs Angela Lovely, and Mrs Wajeeha A. Qadir.

The content included:

- Drill activity as a part of random observation on survey designing
- Efficient methods of checking homework
- Methodologies of writing Formal and Informal letter
- 3Ps of teachers–introspection of one's strengths and weaknesses
- Story writing techniques of various genres

The responses from the trainees were encouraging, and they maintained that training would help in raising the learning among the students. To conclude, this training would surely help the teachers increase the efficiency of their teaching methods, and the learning among students.
